

**A selection of images
to reflect on.**

**What is God saying to
you through these
pictures today?**

Jesus often used pictures and metaphors to help those listening understand his teaching. God can still speak to us today through pictures and imagery.

It is useful to teach children to recognise some of the symbols that have meaning in the Bible. E.g. Sheep – God is our shepherd, Dove – Peace, Rainbow – God's promises.

Print off these pictures and put them around the room. Invite the children to go round looking at the pictures and listening to what God is saying to them. Afterwards invite the children to share which pictures spoke to them and what God said through them.
